Santa to Arrive Friday

Santa arrives officially in Lemon Grove Friday at 7 p.m. with the best wishes of local business firms. His first act will be to give a gift to Karen McKinney, above, who has been named Miss Lemon Grove Merry Christmas. She is also homecoming princess at Miguel.

As Santa arrives in his sleigh (a new fire truck of the L.G. Fire Dept.) a parade of convertibles carrying attractive models will start on Broadway.

The school band will play and the high school choir will sing. A display of quarter mid-gal racers will be set up on the plaza where two huge Christmas trees sparkle with lights. A Nativity scene forms

the backdrop for the plaza activity.

Santa will roam the street daily from 4 till 8 p.m. dispensing Christmas cheer by way of candy for youngsters and gift certificates for adults.

Local merchants say special events will be held every day. Some of the events-to-come are: free shows at the Grove theatre; appearance of Bozo the Clown; still another Santa Claus parade with a genuine sleigh pulled by live reindeer; and other exciting programs to be announced next week.

Friday's event opens the Christmas shopping season here. Stores will remain open evenings every night till 9.

Your county tax bills become delinquent if you haven't paid them by 5 p.m. come Monday. Through the largeness of the county two days have been given as grace - the bills having been originally due and payable on the 10th. The date falling on Saturday contributed to the change.

It will come as no lightning of the burden to anyone to know that some of the bills in the east county area are increased as much as five times this year. The logical explanation is that the county is bringing assessments up to normal by sections. This year the impact is being felt particularly in the El Cajon area. Spring Valley and Lemon Grove got it the year before.

One way of looking at it is that if the assessment is fair, the owner has been getting a pretty good break for the few years prior to reassessment. This isn't proving an entirely satisfactory answer for the taxpayer.

Reduced business income and employment uncertainty have made him a super-critical citizen this year. Out in El Cajon they're threatening a march on Civic Center over the increased tax burden.

We think this is fine. We believe more tax groups should be formed. We hope the day will come when the citizen will take an active part in the control of his family's resources. No one, in county government or out, denies that government spending couldn't be reduced. The solution is to make fewer demands for service, say the tax spenders.

Inviting more citizens to participate in the control of their resources is a slogan emblazoned across the front of our own Civic Center which reads, "Good Government Demands the Intelligent Interest of Every Citizen."

If you are a citizen, go down and give your government some intelligent interest. It could reduce your tax rate.

Kidnapping is an odious state of human affairs.

But let's face it. . . Anthony Alessio isn't a kid and the

New Subscribers Pass 1,000 Mark

A phenomenal total of 1,065 new subscribers to this publication in just three reporting weeks is believed to be an all time record for Southern California weekly newspapers in so short a period.

This week's total of new subscribers is 215, dipping slightly because of the Thanksgiving holiday occurring in the reporting period. This, added to 854 new subscribers acquired the first two weeks brings the total to 1,065.

The campaign, undertaken to keep up with the rapid growth of this community, will produce approximately 2,000 new paid subscribers by the time the campaign ends late this year.

The well-known west coast firm of circulation developers, W. F. Piper, Associates, is handling the campaign by telephone. Residents are asked to subscribe to the publication for an entire year for \$3.50. Of this amount 25¢ of each subscription, when paid, is turned over to the local firemen's relief association for whatever need they have for the money.

In each case, where the new subscriber has said, "I do," a verifier, employed directly by this firm, calls the new subscriber to ascertain the correctness of the name and address, and to determine whether or not the subscriber is completely satisfied with his purchase. This newspaper, as all newspapers do, want the subscriber to feel that local news is important enough to him to purchase the paper. It also wants to assure its advertisers that the ranks of readers are growing. But most of all, the newspaper wants to feel welcome in the home of the subscriber. This is not always the case where throwaway type publications litter the yard and porch. Gratefully received at the end of

three reporting weeks are the following new subscribers:

L. W. Six, 1814 Helix st.; El

mer Engelstad, 9025 Kenwood dr.; E. E. Haeusler, 9153 Kenwood dr.; S. R. Metcalf, 9201 Kenwood dr.; H. A. Roseberry, 9215 Kenwood dr.; and Ivar Karevell, 9869 La Cresta rd.

Racing Autoists Force Car Into Ditch

DISGUSTED — John Henry Halpin, a workman on the shopping center at Jamacha and Sweetwater, appears disgusted as he views his 1955 Ford which was run off the road as he was going home from work Monday.

He said he was traveling north on Sweetwater opposite Mt. Miguel high school when

two autos, apparently racing side-by-side, forced him off the road.

He appears to be sadly contemplating his lot as Highway Patrolman George Moyse takes notes of the incident for the record.

SHADES OF THE NEW WEST!

Gunmen (BB Pellet Type) Roam Streets Amid Glass Tinkles

Legend has it that lightning doesn't strike twice in the same place, but Robert H. Nelson, manager of the Insurance Department of the Southland Savings & Loan association, says that doesn't apply to the lightning-like hit and run tactics of a gang of exuberant youths in this area who are using the seal on the windows of the Lemon Grove Branch office, as a target for shooting practice.

not only once but twice. On Halloween night, Nelson reports that boys with a pellet gun or a BB gun drove by in an automobile and shot holes through the seals on four big plate glass windows on the Broadway side and two of the small windows above them. A month later, the night of Nov. 30, gun-happy boys shot again, damaging one large window and one small window. Mr. Nelson told a reporter that the total cost of replacing these windows and the gold lettering will come to over a thousand dollars. The windows damaged on Halloween had just been replaced, he said, and those shot into Nov. 30, were several of the replacements.

Nelson said that a number of employees were in the Lemon Grove Branch the night of Halloween when the shooting occurred, and recalled having heard a few minutes before they discovered the glass fragments, an auto passing by making a loud noise and what they thought was a backfire.

This circumstance coincides with the statement of Byron A. Wyckoff whose front window was shot into the night of Nov. 30 about 8:30 p.m. He said he and Mrs. Wyckoff heard an auto with a loud noise pass in front of the house and then he heard a pellet gun firing, followed by the noise of shattering glass. He said he rushed

L.G. P.O. OPEN HOURS EXTENDED

Lemon Grove Postmaster F. Faucher announced today that service windows at the Post Office will be open from 8 a.m. until 7 p.m., daily including Saturdays, to take care of the growing flood of outgoing Christmas cards and gifts.

He says it looks as though this Christmas season will break all previous records and asks that you help ease the pressure by going to the post office before 10 a.m. or between 1:30 p.m. and 3:30 p.m. to mail your Christmas cards and packages. Put first-class postage on all of your Christmas cards along with your return address. To speed their delivery, secure free labels from the post office indicating "All For Local Delivery" and "All For Out of Town Delivery" then sort and tie your cards in two separate bundles with the addresses all facing one way.

Address all packages and cards accurately and clearly, include postal zone numbers, and be sure the stamps are firmly attached. Mail all of your packages and cards for distant states immediately, and those for local delivery should be mailed at least a week before Christmas.

A window will be open on Sunday, December 11 and 18 from noon until 4 p.m. Money order service will not be given on those dates, however, he said.

ing by the gang, apparently, for Dr. Donald Grant Johnson, with dental offices at 3050 Main street, reported the discovery at 8 a.m. Dec. 1, that holes had been put through a plate glass door and one window the night before. Estimated damage there \$100. The damage was discovered by Mrs. Anora Lerner, the office nurse.

Then they drove over to George Kolpacoff's travel agency at 3565 Imperial ave., and shot a hole in the plate glass window. Kolpacoff told Sheriff's deputies he is prepared to prosecute.

Reno L. Harnish, 3807 Stansbury st., in the Kelton and Bolenbacher tract, Spring Valley, reported that at 6:05 p.m. the glass window was broken in his bathroom by shots from a pellet gun.

Mrs. Mary Hunter, 1625 Glen-zoe dr., Lemon Grove, also reported that vandals had peppered her house with BB pellets twice during the past week. Each time the shot went through a \$200 picture window at the front of her house.

BWL-VFW Join In Plaza Tree Decoration

Decorating of the two Lemon Grove Plaza Christmas Trees a project of the Lemon Grove Business Women's League, has been completed. President Ruth Thomas and Mrs. Mildred Huebsch of the League were assisted by a volunteer group from Lemon Grove Post 208 Veterans of Foreign Wars including Commander U. F. Kronquist, H. C. Stubbs, A. D. Brack, S. Jagosz, R. E. Clark and H. T. Provost.

SAN DIEGO (CNS)—A Lemon Grove clergyman's protest against county road plans in the area around his church Friday forestalled a vote to deny him the special use permit he was seeking from the County Planning Commission for expansion of his church facilities.

Rev. H. C. Bakken, pastor of the Lemon Grove Lutheran Church, appeared before the commission to ask for a permit for a new church building on property at the intersection of Skyline drive and Alton drive. The church has been at the location for 10 years.

Denial of the request for the permit was recommended by commission committee that studied the site. Its report stated that the church planned to build in the proposed right of way of Alton drive, that the property was less than an acre and a third in area and was, thus, too small and that the parking stalls do not meet the county requirements.

Bakken objected to the committee's findings. He said the requirement that the church contribute 15 feet for the widening of Alton drive to an 80-foot street was unfair, as 30 feet had already been given for widening Skyline. He said that had been done 10 years earlier, for the first permit, and that the church was assured no more land would be asked.

The clergyman also questioned the need for an 80-foot Alton drive. He said a through street from Sweetwater road to Massachusetts avenue is needed, but that Alton drive cannot be the one because of development that cuts off its extension. He then argued that making Alton 80 feet wide is unnecessary, if it cannot become a through street.

Commissioner Gilbert Ray said he agreed with the question as to whether Alton drive should be 80 feet wide, and Commission Chairman Warren K. Hooper, who was on the committee that studied the site, said, "It seems to me we are entangled in a lot of 'I don't know's,' so maybe we should continue this hearing to get more information."

The hearing was then continued to the commission's meeting, December 16.

Rash of Petty Thefts Ushers in Yule Season

Petty thefts in the Lemon Grove-Spring Valley area are on the increase. Sheriff's deputies earlier this week said the increase was caused by a combination of lower construction employment and the need for holiday funds.

A run down of petty thefts hereabout turned up 13 crimes in the past week.

Bonnie J. Adams, 7318 Waite dr., a student at Vista La Mesa Elementary School reported to the Sheriff's office the theft of her bicycle from the yard of the school between 1 and 3:15 p.m. The bicycle is blue with white trim and has a 26 inch rack and basket mounted on the handles. She said the bike was locked with a padlock. Value of bicycle, \$40.

Vernon Lee Welty, 8833 Kellburn st., Spring Valley, a student at Mt. Miguel High School, reported the theft of his wrist watch from inside his locker in the gymnasium. The watch is

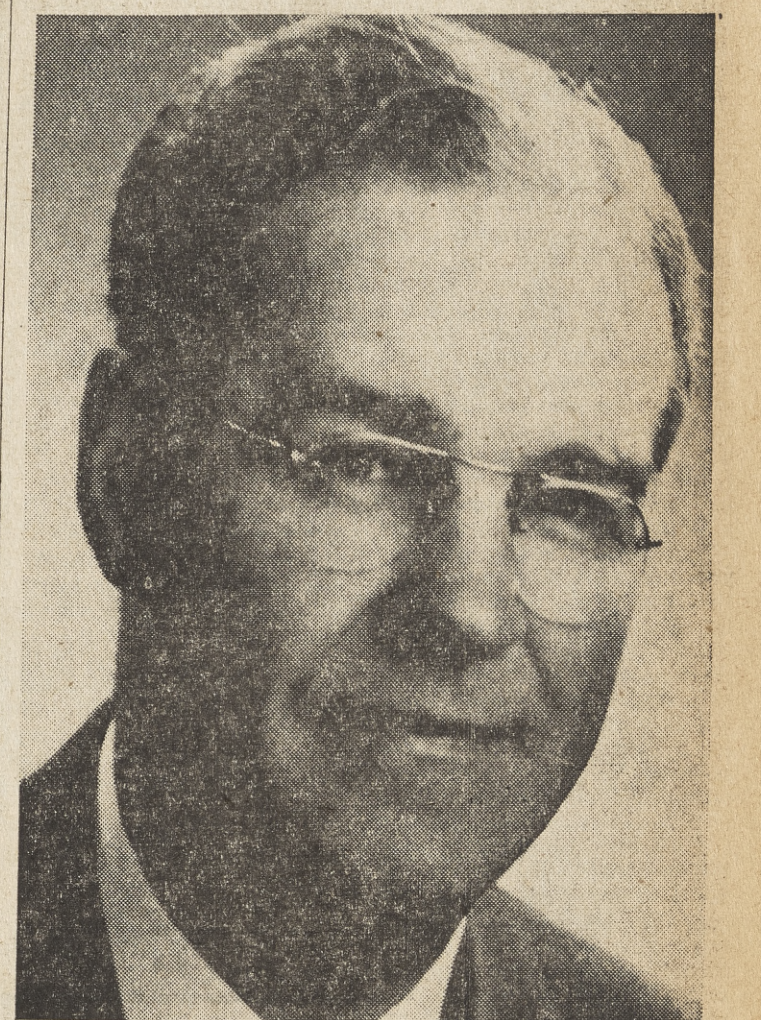

a yellow metal Elgenia with stainless steel back with words "anti-magnetic" on the face and fitted with yellow metal expansion band. He said he left the watch in the locker while he went to comb his hair and it was gone when he returned. It is valued at \$44.

Floyd Laxson, 8645 Fanita, San Diego, who is employed at the Broadway Market, reported to the Sheriff's Department that his auto was stolen from where it was parked on the east side of Vista street in Lemon Grove, while he was working in the p.m. The front of it has been badly damaged and the hood doesn't quite close.

Sheriff's deputies are looking for a burglar who entered the house at 9455 Crest dr., Spring Valley, and stole a diamond ring worth \$1,200. The theft occurred over the weekend and

CUB SCOUT NEWS

Mr. Harry Schoonover conducted his first meeting as newly appointed Cubmaster for Pack 357, November 28, in a most interesting, orderly and enjoyable manner.

All the boys who had earned badges and arrowheads during the past months received them; following which Mr. Ronald Stringham who is the assistant Cubmaster and Webelos leader, Mr. Stan Morning, who is committee chairman and Mrs. Davidson, who is den mother for the new Den 5, were introduced to the boys and the largest group of parents attending in a long time.

Den 2, under the direction of Mrs. Weiland, performed in a skit; Den 1 entertained with a song, and Capt. Morning of the fire department showed a film on firemen training.

SURPRISES

Irene and Kenneth Mayes gave a surprise birthday party for their daughter, Barbara, who was 12. Her entire sixth grade class, which consists of

36 students were invited and most came. It was noisy, but fun.

AVONDALE PTA

The Avondale PTA executive board will meet in the conference room of Avondale School December 13, at 7:30 p.m.

COLD LUNCH

Now that the cooler weather is setting in, parents of Avondale students are concerned with the children having to eat out of doors. A suggestion was made by Mrs. Gomez which was approved by Mr. Barnes, principal of Avondale. If each mother could volunteer to come to their child's class at lunch time once a month, the children could have their lunch period and the children would be kept warm.

WHAT HAPPENED

To the multi-purpose room that we were supposed to have at Avondale... by Christmas?

To the fence that was supposed to be built around the culvert by December 1?

To the library which everyone insists we need, but no one is willing to help get names for on petitions?

MEET YOUR NEIGHBOR

Meet Nita and Bill Elliget. They may be new subscribers to this paper, but they remember when Spring Valley was just farm land, and when John Hanson's hog farm was across from Noble's Market.

They have four children, Patty 6, Larry 12, Michael and John 13, who enjoy the same hobby as mom and pop. It seems about three years ago Bill came home and announced he was buying a 1/4 racer. Now they are the proud owners of the 1/4 racer and a 1/2 midget racer, which they exercise regularly on Saturday nights and Sunday afternoon at Gillespie Field. Two weeks ago they took seven out of twelve races, proving that what the "racing" Elligets do, they do well.

GET WELL

Our get well wishes are sent to Melody Branscomb, who is in the hospital recovering from a lung and kidney infection. Hope you're hale and hearty and home by the time you read this.

Desert Magazine Publishes Article By Dr. J. Detzer

A Lemon Grove minister is the author of a dissertation on the desert background of the days when Jesus was on earth. It is an atmosphere article in the December issue of DESERT MAGAZINE.

The material was written by the Rev. Jordan E. Detzer, minister of the Lemon Grove Methodist church. In it Dr. Detzer points out that scene at the birth of Christ were not unlike those in the desert at Borrego or in the lands beyond Yuma.

He also develops the philosophy the desert is a catalyst, softening the edges of a hectic, work-a-day world into a place of gentle serenity. This produces "desert converts," he says.

The first Christmas, Dr. Detzer's article reminds us, was on the desert.

possible reason for the napping was pretty well hidden near the bottom of the report.

The Alessios handled themselves like professionals, we thought. They got the merchandise marked down from \$650,000 to \$200,000, which is a pretty good reduction even for after-Christmas merchandise.

Some of the facts of the case are still being kept secret by the authorities, but enough leaked out to indicate the abductor was the victim of Caliente's 5-10 share-the-wealth device which is held regularly two times a week under the expert guidance of the Alessio brothers. One report said the 5-10 produces 5 to 6 million dollars a year for the Caliente interests. This money comes from a lot of people including disgruntled bartenders, one of the latter gentry being presently accused of masterminding the Alessio abduction. He charged that he was bilked of \$87,000 on a "winning ticket." The 5-10 operators said the ticket was "altered."

Picture, if you will, thousands of persons sitting around Monday morning bemoaning their fate, berating themselves for not having changed their choice in one instance or two and thereby winning enough money to solve life's financial problems. This cruel sport which serious bettors perpetrate upon themselves, that of coming so close to winning but almost never doing it creates frustration. Then when the track refuses the once-in-the-lifetime ticket of a serious bettor, is there any doubt that the man could become psychotic? In the nether world of the serious - betting fraternity a non-cashable winning ticket could derange a guy. Could this guy be really guilty of abducting his tormentor?

Well, regardless of the law, the ingredients are still present that set up the abducting processes. There are twice-weekly 5-10 events right on schedule. . . discouraged bettors being cajoled back into the fray by dramatic news play given the few big winners by the daily press. How do we know the crime will not be repeated? We sincerely hope retribution for gambling losses will not become a mass movement, like, say, flat tops, or beatniks, or the old time ukelele.

As a solution, we propose that the government step in and subsidize the gamblers. The foreign aid funds, the funds we were wasting in Cuba, for example, could be used to underwrite part of each bettor's losses. Not in money, exactly, but by giving him an extra horse free. . . like the "X" on a bingo card.

And as a national platform, it would perpetuate any party in politics because it would make the horseplayers happy.

Even a political tyro can tell you there are more horse players than anybody else.

Sheriff's Bloodhound Trips Up Four Juvenile Burglars Near Here

The sharp ears and curiosity of a woman and the keen nose of a bloodhound called out of retirement, proved the undoing of four juvenile burglars in the Potrero district of San Diego County in the pre-dawn hours of Friday, December 2.

Mr. and Mrs. Leonard W. Whitehouse, owners of the Potrero Store, have their living quarters in the rear. Early Friday morning Mrs. Whitehouse says she was awakened at 2:50 o'clock, hearing footsteps in front of the store. She says she went outside and saw an automobile parked in front, facing east. She entered the store through the front door and found three boys there. When she shouted at them, one of the three said "Let's get out of here, Vicky," and ran past her to the auto and drove east on Highway 94. The door had been forced open by prying and breaking a pane of glass in the front door. There were a few drops of blood on the glass she said and a large drop on the floor in front of the store. She then alerted the Sheriff's deputies in the area.

With the help of the bloodhound, Sheriff's officers Charles Kelley, Ralph Nunnery and Deputy Warren Larsen trailed the boys to a house on Buckman Springs road, following Cold Nose Joe's nose and a tip from an Immigration officer. It was 7:30 a.m. when they found their Donald Edward Orsco, 18, of 7010 Mt. Vernon st., Lemon Grove; Thomas Clem Raney, 18, of 625 62nd st., and a 15-year-old boy, nameless, but probably the "Vicky" referred to by Mrs. Whitehouse. Four miles south of U.S. 80 on Buckman Springs rd., the dog and the deputies caught up with the fourth suspect, Roy Olen Brown, 18, 627 Stork st., San Diego, and dragged him from the brush.

In the auto were found, five boxes of 22 calibre shotgun shells, shells for 22 cal. Remington Long Rifle; 3500 rounds shells for 22 cal. Remington long high speed rifle, and 22 cal. Remington long high power rifle, as well as 1500 rounds of 22 cal. Winchester long rifle, high speed. Also found

Zoning Delayed on Two Grove Parcels

SAN DIEGO (CNS)—Actions on two applications for changes of zoning in the Lemon Grove area were delayed Friday by the County Planning Commission.

Peter De Graff, who plans a shopping center on 15 acres on the east side of Sweetwater road, south of its intersection with Blossom lane, asked for the delay to give him time to present a tentative map showing how he plans to develop his land. The hearing on his application for commercial zoning was continued to the commission meeting of January 13. De Graff is a member of the City Council and a former mayor of Chula Vista.

The second delay was on the application of Howard Mercer, who is seeking industrial zoning for about a half-acre on the south side of North avenue, west of Olive street.

As a condition of the re-zoning, Mercer has agreed to give the county seven and a half feet of right of way for the widening of North avenue. The county surveyor's office reported to the commission that the forms required for the easement had not yet been mailed to Mercer.

The Mercer hearing was also continued to January 13.

Workman Breaks Heels in Fall At High School

An unusual accident was the cause of hospitalizing Albert Edward Schertger, of 179 Oxford st., Castle Park, Chula Vista, last week, at the site of the new high school at Sweetwater Springs blvd. Schertger was standing on top of a newly framed wall waiting to guide a crane full of lumber being unloaded from a truck. The load slipped past him and the crane knocked him off the wall onto a concrete floor below, upon which he landed with both heels.

He was taken to Grossmont hospital and treated for the injuries to the shattered heels by Dr. D. G. DuVigneaud, orthopedic surgeon of La Mesa. Dr. Vigneaud said the acci-

dent caused a "squash fracture" to the heel bones, and that Schertger fractured both heels in the same manner. Because of the nature of the injury no open surgery can be used.

County Says "No" On Church Use for S.V. Property

SAN DIEGO (CNS)—A request for a special use permit for a church at 8615 Lamar st., Spring Valley, was turned down Friday by the County Planning Commission.

The applicant was Charles R. Jackson, the owner of the property. He was planning to sell the land to the Open Bible Standard Church, represented by Rev. Gust F. Block.

The commission was told by a committee that studied the site that the church group planned to convert an existing dwelling to a place of worship. It was also stated that the site is only 62 feet wide and is in an area now used for residential purposes.

The commission then voted to deny the application for a permit on the grounds the site was not suitable because of its size and location.

Xmas Pageant Tickets Ready For Grossmont's

Tickets will be available Monday for Grossmont High School's 35th annual Christmas Pageant, to be given December 12, 13, 14 and 15 in the school auditorium. Curtain time is 8 p.m. Since the Pageant is Grossmont's "gift to the community," tickets are free.

Reservations must be made in advance, however, Principal Walter Barnett said, because it is expected that the auditorium's 1200 seats will be filled each night. Tickets may be obtained by calling in person at the school administrative office or by writing.

The address is Grossmont High School, Grossmont, Calif. (Att. Mrs. Pauline Atkinson). A self-addressed, stamped envelope must accompany requests. The number of tickets and the date preferred should be stated, Principal Barnett said. Seats will not be reserved after 7:45 p.m.

General Pageant Director Richard Dunlop said that "the nature of the performance is not of interest to small children." He asked that the public cooperate in refraining from using cameras during the presentation. Arrangements for photography after the performance can be made.

Rehearsals for the hour-long production are under way. Music by the Red Robe Choir is under the direction of Mrs. Merle Donohue. Dan Lewis conducts the orchestra. Richard Dunlop, assisted by other faculty members is in charge of the acting and staging.

Petty Theft

(Continued)

was discovered by Richard J. McIntosh and Grant Jenkins, the owners, after they returned Sunday night. They also reported additional theft of jewelry and clothing valued at \$162.

Jack D. Todd, 8720 Heel st., Spring Valley, reported the theft of a piece of his garden hose from in front of his home last week. He said a 15 foot piece had been cut out of the middle of it. The hose is valued at \$18.00. Todd is employed at Rohr Aircraft.

Jack Exton, 1801 Angelus, reported to the Sheriff Dec. 2, that a blower unit belonging to the Hale Construction Co. had been removed from a new, unoccupied residence at 1518 Angelus, about 12:10 p.m.

SAMSON FRANCOIS IN PIANO RECITAL HERE

One week after his appearance here as piano soloist with the Los Angeles Philharmonic, Samson Francois will play a solo recital in San Diego for Civic Music Association members at the Russ Auditorium, Saturday, December 17.

Early this week William B. Nelson, custodian at Mount Miguel High School reported to sheriff's office the theft of \$125 worth of sporting equipment which included 30 archery arrows, 2 bows, 4 basketballs, 6 volleyballs, and several badminton rackets. The robbery occurred between 4 and 9 p.m. between Dec. 2 and 4.

Leon J. Gaffney, 2235 Morose, Lemon Grove, reported malicious mischief to his '51 Chevrolet convertible the night of Dec. 4. The Canvas top was cut with knife and torn with hands.

The Ray Realty, 9675 Campo rd., was broken into on Dec. 4, reported Gilbert Ray. The screen was pried from a rear window and the window was broken. Papers in the office were disturbed but nothing was missing, according to Ray.

Mr. Don Clay, 7323 Canton, Lemon Grove, had her wallet stolen from a phone booth at the Food Basket. She left the phone booth momentarily to quiet her children and when she returned her wallet was gone. A friend said she saw a

young woman take the wallet and drive away in a '55 Mercury which is registered to Miss Shirley Vidmar, 4131 Western, San Diego. She has been reportedly seen around the Lemon Grove Bowlero recently.

A grand theft was reported by Willis G. Hudson, manager of the Greenwood Cemetery. Sixty boxes of avocados were taken from his ranch on Melva dr. Their value was estimated at \$1,000.

The sheriff is looking for Jack Golden, 1505 Madera, Lemon Grove. They say his recent activities brought three complaints from the Lemon Grove Branch of the First National Bank. He bought a trout fishing camp and paid Harold Hunter of Huntington with two checks of \$900 and \$800, respectively. He gave a \$500 check to Mr. Allsop at Lynwood and a \$300 check to Tom Brady, a beer distributor. None of the checks were good.

James John Collins, 17, 9215

Kenwood, Spring Valley, and a friend, Robert Lewis Bates, also 17, were charged with illegal possession of alcoholic beverages. They were questioned by police because their car was blocking the roadway at Citrus near Sherwood's Restaurant. Beer bottles were found and they were charged.

SAN DIEGO (CNS)—A change in the county zoning ordinance to allow rest homes in so-called "estate" areas was approved Friday by the County Planning Commission.

The action is a recommendation to the County Board of Supervisors and results from a zone change request made to the commission in November.

The applicant then asked for agricultural zoning for his land, as a rest home was not allowed in the half-acre "estate" zoning on his property.

Commissioners said the ordinance was illogical in allowing rest homes in farming and residential zones, where sites could be anywhere from 6,000 square feet to an acre in area, and not allowing them in half-acre estate zones.

The new amendment to be submitted to Supervisors will also seek to define rest homes in accordance with the state law.

Robert Berrey, deputy counsel, told the commission some rest home operators are able to get state licenses, while their businesses do not fit county descriptions of a rest home.

PRIZES READY FOR BOOSTERS BALL

OLE — A Christmas in Mexico will be the motif Saturday for the third annual Poinsettia Ball, sponsored by the Mount Miguel High School Boosters. It will be held in the cafeteria of the school. Sponsors say the decorations will be so Spanish that patrons of the ball will think they have been transported to Mexico City by fast jet. Admission is free to all high school students and parents.

Preparing Mexican type door prizes for the ball are Mmes. Dean Wardell, Ted Arrington and Howard Apple. Many prizes and favors will be distributed at the affair. Music is being donated by the musicians of San Diego Musicians Local through a trust fund for aiding local organizations.

Sponsors said there will be free movies for youngsters under the dance age.

Rest Home Permit Sweetwater Ave. OK'd by Board Stop Signs to Go

SAN DIEGO (CNS)—Approval of a special use permit for a rest home in Lemon Grove was voted Tuesday by the County Board of Supervisors, against the recommendation of the County Board of Supervisors and over the protests of owners of adjacent property.

The applicant for the permit was Paul J. Perry, who was acting on behalf of his mother. Requested was a permit for an addition to existing facilities on Acacia street, just off Golden avenue.

At the planning commission hearing held on Oct. 21 on the Perry request, it was brought out that the operation has been carried on for three years without a permit from the county. A state license had been obtained, and Robert G. Benrey, deputy county counsel, raised the question as to whether a permit was needed if less than five persons resided in the rest home.

William F. Davies, attorney for Perry, Tuesday asked the Board not to decide against the applicant until the question of whether a permit was needed for less than five persons was answered.

Davies pointed out that all of the patients in the rest home are able to walk around and that studies show it is best for them to be in a residential area, near commercial facilities. In opposition, Leo E. Carson said he and his neighbors felt that allowing the rest home would result in an invasion of commercial enterprises into a residential neighborhood.

Walter Steele Buys 'Paint Spot' Here

Mr. Walter Steele, long time resident of San Diego County, has become owner and operator of the Paint Spot, 7662 Broadway.

Mr. Steele has owned and operated the Steele 5 & 10 on El Cajon Blvd., the Magnolia Trailer Park in El Cajon, and the Steele Dept. Store in Logan Heights.

The Paint Spot will add to its present line of paints and wallpaper and will deal in picture frames and glass also.

SAN DIEGO (CNS) — The stop signs on Sweetwater avenue at Troy street and Massachusetts avenue at Central avenue were ordered taken down Tuesday by the County Board of Supervisors.

The Board's action was on the recommendation of the County Traffic Committee.

Changing the four-way stop at Sweetwater and Troy, to make Sweetwater a through street here, was proposed by the county's traffic engineer. The committee investigation showed that traffic has tripled on Sweetwater avenue but hardly increased on Troy street since the stop was established a number of years ago.

The committee reported to Supervisors that 73 per cent of the traffic using the intersection are having to stop for 27 per cent, this being the ratio of traffic on Sweetwater and Troy. As a result, it was stated, there has been an unreasonable delay and congestion to through north-south traffic.

The Board passed a resolution already prepared to make Massachusetts a through thoroughfare at Central avenue.

Sups. Call in Expert to Step Up Disposal Plant Capacity

SAN DIEGO (CNS) — Payment of \$12.50 per hour for the employment of an expert to advise the Spring Valley Sanitation District on the operation of its disposal plant was approved Tuesday by the County Board of Supervisors.

The plant is presently overloaded, with the result that the effluent flowing down the Sweetwater Valley is being protested by landowners there. The odors from the plant have also been the object of bitter criticism from Spring Valley property owners residing in the plant area.

The County Board of Supervisors in November voted to stop all annexations to the district and approved expansion of the disposal plant's capacity.

The expert to be hired by the sanitation district is expected to advise on increased efficiency for the plant with its existing facilities and to suggest how greater capacity can be most economically obtained.

The \$12.50 per hour charge is to be limited to four days employment, under the action approved Tuesday by Supervisors. The work is to be performed by the San Francisco firm of Brown and Caldwell, and its representative is to have an added \$30 per day for meals, lodgings, etc.

Operation of the plant is under fire from the Regional Water Pollution Control Board. Supervisors were told Tuesday.

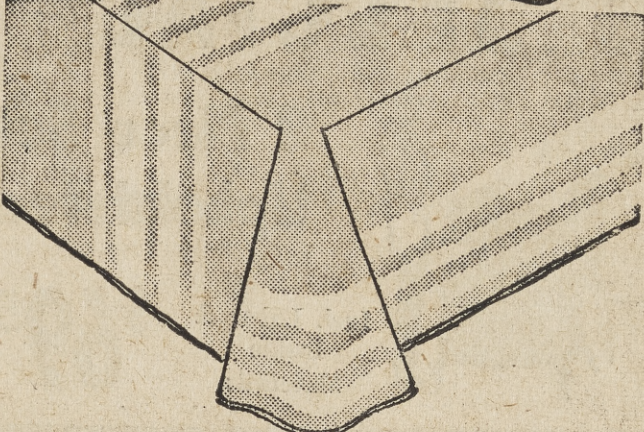

Thursday, December 8, 1960

SECTION A — Page 1

The pollution control group is to be taken. In another action on the Spring Valley district, Supervisors Tuesday approved the following annual sewer charges: Warner Memorial EUB Church, \$96; Covenant Church of La Presa, \$48; George F. Casey Co., \$84; Sid J. Kent, \$192.

The water pollution control board has threatened to take the Spring Valley district to court to make it stop violations. On the agenda, also, will be consideration of the legal action.

5,000 Fans See Easy 40-13 Vista Victory

by Bill Ott Jr.

Mr. Miguel's spirited line and explosive backfield proved to be too tough for the Vista High Panthers to contain, and the Matadors rolled to an easy 40-13 Class A C.I.F. San Diego Section Championship on the loser's field.

A crowd of approximately 5,000 fans jammed the stadium to watch the big Matadors stage a grueling ground attack that the small Avocado League representatives could not halt.

Coach Harry Johnston's charges finished their grid season with an 82 record, and brought home the first play-off championship in the school's 4 year operation.

Early Touchdown

Vista received the opening kick-off and had the ball on their own 33 yardline. On the first play, fullback Gary Shultz went into the middle of the line and was stopped for no gain. The Panther's quarterback Ron Colton fumbled the pigskin on the next play and the Matador's Ray Dittamore recovered on the Vista 33.

The Matadors were faced with a fourth down and 2 yards to go for the first down situation when halfback Russ Torge sprinted off-tackle 24 yards to the Panther 1 yardline for a first down and goal to go. On the following play Torge ran through the same hole for a touchdown. Again running the same play, Torge added the PAT for an early 7-0 lead.

Mt. Miguel's strong defensive line held the Panthers to a fourth and 2 punting situation, and the punt went to the Matador 32 yardline where it hit a Miguel player and the Vistas recovered. Two plays later Shultz scored on a 30 yard swing pass from Colton. Colton's PAT attempted kick was blocked.

Torge Scores Again

The Panthers kicked-off to the Matadors who brought the ball to their own 29. On the first Miguel scrimmage play Torge again went off-tackle, veered to the outside and raced 71 yards into the end zone. He ran the PAT for a first quarter 14-6 lead.

A 20 point second quarter outburst gave the Matadors a 34-13 halftime intermission margin. Fullback Duane Freeman grinded away yardage, and then scored from the 4 yardline. The Matadors were handed an off-side penalty when they attempted to run the PAT, so sophomore Keith James came in and successfully booted the PAT for a 21-6 score.

Freeman recovered a Vista fumble on the Matador 47, and 6 plays later quarterback Doug Wardell scored on a 19 yard keeper. Torge was stopped, in his bid for the PAT.

Again Freeman was in the act, blocking a Vista punt deep in Panther territory enabling Matador tackle Tom Rea to recover and ramble 20 yards for the touchdown. Wardell ran the PAT for a 34-6 score.

Panther quarterback Rick Rosenthal scored the second Vista touchdown on a 5 yard slant play with 50 seconds remaining in the first half. Halfback Carlos Mendoza kicked the PAT for the 34-13 halftime score.

Scoreless Third Quarter

In the third quarter both teams battled back and forth, and the Matadors started a drive from their own 15 yardline and moved to the Vista 25 where Torge fumbled and the Panthers recovered.

Mt. Miguel gained possession of the ball on the Panther 27 when the Vistas attempted to run with a fourth and 1 situation, but were handed an illegal procedure penalty giving the Matadors possession.

Halfback Dan Zastoupil romped 27 yards for the final Matador touchdown on the next play of the game. Torge, one of the big work horses of the evening

attempted to run the PAT but the Vistas halted the attempt, leaving the score 40-13. Mt. Miguel's reserves saw most of the fourth quarter action, and were able to contain the Panther offensive attack until the gun sounded.

Lincoln Larrups Matador Cagers

Lincoln High's Hornet basketball team evened the Mt. Miguel Matadors cage record at 1-1 for the young season with a 54-44 victory over the Miguelers on the Matador boards last Friday afternoon.

The Hornets started out with a 13-8 first quarter lead and added 12 more in the second stanza, while holding the Matadors to 8 more points for a 25-16 halftime tally.

Mt. Miguel was again outscored in the third quarter. They managed to rally for 11 points, but the Hornets stayed out in front with a 15 point effort for a 40-27 third quarter margin. The Matadors began to hit in the final period, scoring 17 points, and using a full-court press to hold the Hornets down to 14.

Matador forward Bill Sage was high scorer for the afternoon with 20 points. He had 8 baskets and 4 free throws. Ted Taylor trailed Sage with an 11 point output for the Matadors.

Lincoln's attack was paced by center Jim Eskridge and guard Dickie McFarland who each meshed in 12 points.

GIRL SCOUTS

Proof that girls enjoy roughing it and camping out as much as boys do was further established last weekend when Girl Scout Troop 1673 of the Casa de Oro-Homeland area spent an enjoyable time at Camp Tapawingo in the Cuyamaca mountains. Leaders who accompanied the girls were Mrs. Odessa Collins, Mrs. Lena Malaga, and Mrs. Jean Haustein. Mrs. Marvin Langlohn, mother of one of the girls, also went along. This was one of many overnights these sixth graders are enjoying.

Friday night's supper was centered around the spaghetti bowl, and the following a.m. the girls enjoyed some "out-of-doors" cooked pancakes. Following breakfast they hiked in search of mistletoe. They returned just in time to get packed for the Casa de Oro School's sixth grade camp at Palomar Mt.

LET US ALL PRAY TOGETHER AS A FAMILY

God is "with us" in our lonely hours. Christ's personal presence shatters thoughts of a "distant deity," and vain ideas that he does not care. The lonely hours have oft provided the setting of life's warmest and closest fellowship. The comradeship that overshadows all others is that of "God with us."

Home Tour Program to Aid Hospital Landscaping Project

A Christmas Home Tour, sponsored by Grossmont Hospital Auxiliary, will be open to the public Sunday from 1 to 5 p.m. Each of the five homes in the La Mesa, Grossmont, Horizon Hills area will be decorated for the holidays in keeping with their particular architecture, according to Mrs. Mason Mosley and Mrs. William Quinn, chairman of the event.

Buses will be available for the two-hour tour at the corner of La Mesa Blvd. and Lincoln st., in La Mesa, from 1 to 3 p.m. and tour tickets may be purchased there, or by contacting the ticket chairmen Mmes. William Besley, Edward Denny, and Jens Hutchens.

Homes included are those of Mr. and Mrs. Edwin Heacock, Dr. and Mrs. George Brown, Mr. Isador Teacher, Dr. and Mrs. Erlong K. Karlsgott, Dr. and Mrs. Douglas A. Westmoreland.

Profits will be used by the auxiliary for their sustaining project of landscaping the grounds of Grossmont Hospital. Now that the new wing is completed, and access roads have been realigned, landscaping has been resumed after a two-year delay. Rows of Catalina Cherry trees and flowering shrubs have been planted in the parking areas, spacious green lawns surround the buildings, and beds of flowering annuals add color to the once barren ground on which the hospital was built five years ago.

The helicopter landing circle, planted in law to prevent dust clouds, has been set aside for donations from aviation clubs and flying enthusiasts.

A bench and bird bath have been placed on the lawn among the Jacaranda trees on the north side as the beginning of a "rest area" for those waiting out long hours at the hospital. Another pleasant outdoor waiting area is the small patio between the main building and the new wing, centered by the Nan Couts sundial—a gift of the auxiliary to Mrs. Forster Couts, their first president.

Jaycees Set Holiday Aid Program in Grove
The Lemon Grove Junior Chamber of Commerce placed pickup barrels in major Lemon Grove stores today as the first annual "Food and Toys" drive began.
Jaycee project chairman J. C. Lettow said, "The Jr. Chamber has been planning a big surprise for many families in our area this Christmas. We want everyone to drop small toys and food items and feel the magic of giving to those who need help. We have a long list of families out of work, on welfare relief, or in need of help who we'll deliver the toys or food to at Christmas."
Damaged or old toys dropped into barrels will be repaired if possible, and distributed locally, according to Biff Barrett, Jaycee's president.

Shop to Feature Maple, Provincial Furnishings

NEWCOMERS — Louise A. Warren and Marie R. Benbough, room planning consultants pose in the newly opened House of Furniture, 8131 Broadway, Lemon Grove. The firm is owned by Mr. and Mrs. Earl P. Warren, pioneer furniture and appliance dealers, who chose this area, they said, because they could see continued growth and prosperity here.

In the new location the Warrens will feature maple and provincial furnishings from nationally famous manufacturers, as well as a top line of carpeting and a full selection of home appliances. The firm will also offer complete home decorating service. Mrs. Warren will supervise the interior decorating service and Marie R. Benbough will function as room planning consultant.

Aid Given M.H. PTA In Traffic Problem

Principal, Mr. Arthur Thomas informed the Monterey Heights PTA board that the California Highway Patrol and county traffic safety engineer had checked the traffic hazard on Canton Drive, and that changes and improvements would be made. Riding bicycles to school, however, is discouraged because of the traffic hazard.

Thomas announced a parent study group to begin in January. At one of these discussions there would be a county school librarian present to discuss children's books, and how to encourage children to read. There will also be curriculum meetings where how things are done in school, such as the learning methods for arithmetic and reading, will be studied. The parents will have an opportunity to talk with teachers, see the work that is being done. There will also be a comparison of California schools with schools of other states.

M. H. PTA President, Mrs. Vernon Linden discussed the annual support of a family for Christmas giving, and the purchase of a live Christmas tree at the new addition to the

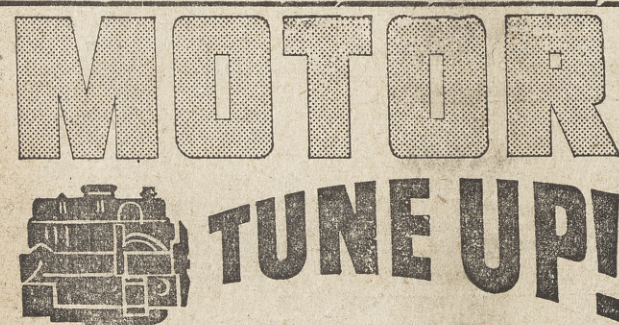

school.
Mrs. Lindens' name was submitted as a nominee to the Mt. Helix Council nominee committee.
